Educational Projects

- Created and delivered a degree module in writing for film to music undergraduates at the Ian Tomlinson School of Music, Napier University. I also carry out external examining and enrollment for the music faculty. (2001 - 2016)
- Lecturer in guitar studies at Napier University's Ian Tomlin School of Music. Devised courses for 1st and 3rd year degree program. (2007 - present)
- Work with final fourth year BA students organising their major music project. (2010)
- Contracted by SQA to write four support documents in theory, composition, MIDI and performance (2006).
- European co-ordinator for the Pacific Northwestern film scoring program. A two week film scoring summer intensive led by Hollywood film composer Hummie Mann at Napier University. My remit covers PR, dealing with potential customer, interfacing with Napier University, course materials, etc. The first year ran at Napier in summer 2004 and attracts students from across Europe and America (2004 - present).
- Created the text for a week long course in understanding and utilising the Garritan Personal Orchestra sample library using text, film and audio examples. I delivered this course as part of the PNW film scoring intensive. This work is being used as the basis for a book which will incorporate orchestration and is to be released in 2008 worldwide.
- Founded the Edinburgh International Jazz Summer School along with saxophonist Rob Hall at Jewel & Esk Valley College in 2002. The jazz summer school expanded to include tutors and students from around the world. Devised and delivered the Jazz Course UK course book along with music CD accompaniments.
- Created the first HNC in jazz guitar program for Scotland (2001) which was validated later that year at Jewel & Esk Valley College.
- Lectured in guitar studies for NC, HNC, HND courses at the Jewel and Esk Valley College of modern music in both first and second instrument guitar studies. I also lectured in composition and midi as well teaching evening classes concerning theoretical aspects of music and beginners guitar tuition (1996-2003).

Music& Business

- Formed the company “Guitar & Music Online Learning Ltd.” In December 2013. The company is behind the website www.guitarandmusicinstitute.com which offers a large range of online guitar and music education courses. The company is now offering printed material guitar book methods and continues to grow across social media and the Internet.

- Part of the company “Guitar & Music Festivals Ltd.” Which created many new opportunities for large scale music festivals and touring from musicians in Scotland and internationally. In 2013, the companies launched the “Edinburgh Guitar & Music Festival” and offered a large local, national and international cast of guitarists (180 acts) as well as guitar seminars, music industry seminars and exhibitors area (Fender, Yamaha etc.).

- Project managed the creation of an App for Roseparks Florists Edinburgh as well as project managing a TV advert for the company (2012)

- Websites creation and Internet promotional service for musicians and creatives as well as Android phone applications. (2009 - present)

- Instrumental in creating the merchandise company TSM merchandising which offers a merchandising solution via the web to bands and artists. (2008 - present).

- Original founder and co-director of “Band For The Day”. A web based company that distributes music and electronic media around the world which is becoming a leading web resource for musicians around the world. (2006 - present day).

- Original founder and co-director of Circular Records Ltd. Circular is a record company which has now grown to have a stable of artists from various genres with distribution around the UK, South Korea and US. Digital and physical sales as well as licensing of music takes place around the world (2001 - to present day).

- Delivered a monthly column for the Scottish free sheet “Music News Scotland” (2004/5).

- Developed the new Jazz add on pack for the Garritan Personal Orchestra, recording jazz guitar samples that will be used in the final product. This major sampling product is used as part of Berklee college of music sampling/synthesis education program (2004). I have an ongoing commitment of work with this sample developer.

- Published ten cassette/booklet tutors for guitar, named “Fastlines”. Ten tutor packs split stylistically into Rock, Blues and Jazz. Published five play along packs for guitar and small band ensemble. (1990-94)

Composition of the music, writing accompanying text, design and make up of the product. Typesetting music and text, preparing the typeset material for printing and binding. Performing the musical material and working on the production of the final audio. Design and placing of advertising campaigns, dealing with major trade magazines. Database management.

- In 1990 released six editions of an in house publication named “*Strings and Things*” which provided players with technical lessons, information on exam syllabuses and gear.

Personal

- Of all my achievements, none make me happier than my two sons Calum & Euan.

- Although not that (actively) involved, I am a keen fan of both Scottish football and rugby. I enjoy reading about world history, cooking and walks in the great outdoors.
